

# OpenWallStreet (OWS) Whitepaper

Version 1.0 – May 2025

---

## Executive Summary

OpenWallStreet (OWS) is a meme coin designed to encapsulate the enthusiasm and optimism of bullish market days. Our mission is to create a community-driven token that celebrates the spirit of wealth creation and financial freedom. With a target value of \$10 per coin, OWS offers early adopters the opportunity to join a movement aimed at achieving significant growth.

---

## Vision & Mission

**Vision:** To become the leading meme coin that symbolizes market optimism and collective financial empowerment.

**Mission:** To build a vibrant community around OWS, fostering engagement, education, and shared success in the cryptocurrency space.

---

## Token Overview

- **Token Name:** OpenWallStreet
- **Symbol:** OWS
- **Blockchain:** Solana
- **Total Supply:** 1.000.000.000
- **Token Type:** Meme Coin

- **Educational Initiatives:** Providing resources and workshops to educate newcomers about cryptocurrency and blockchain technology.

---

## Roadmap

### Q2 2025:

- Finalize tokenomics and smart contract development.
- Launch official website and social media channels.
- Initiate community-building campaigns: [Investment News](#)

### Q3 2025:

- List OWS on decentralized exchanges (DEXs).
- Launch NFT collection tied to OWS milestones.
- Host virtual events and AMAs to engage the community.

### Q4 2025:

- Expand to centralized exchanges (CEXs).
- Collaborate with influencers and crypto communities for wider reach.
- Introduce staking mechanisms for OWS holders.

---

## **Community & Governance**

OpenWallStreet is committed to a decentralized governance model. OWS holders will have voting rights on key decisions, including project developments, partnerships, and fund allocations. Our goal is to ensure that the community has a significant say in the project's direction.
